Christine,

My comments on the talking points are included in the attachment. My comments focus on the first part of the "talking points" document. I think Jenny captured my thoughts on the later points in the document.

Here are some quick comments from me for others to build on. We might want to look at the 2004 document one more time to make sure everything's accurate on the first bullet.

Folks, here are the talking points I've pulled together for Dennis. Anything missing? Incorrect? Please let me know. I'd like to get this to Nick Peak by end of this week so would appreciate your feedback before then. Thanks.
